

# FLOURISH A FURNITURE BANK

*Where Compassion Meets Sustainability*

## **BUILD DRESSERS. FURNISH DIGNITY.**

### **Corporate Team Volunteer Experience with Flourish**

Give your team a hands-on way to make a lasting difference in Kansas City—by building dressers for families overcoming housing insecurity.

### **What's the Opportunity?**

Flourish, Kansas City's only furniture bank, invites your team to roll up your sleeves for a meaningful volunteer experience. Your group will build brand-new, flat-pack dressers that will go directly into the homes of families we serve, many of whom are moving into new homes after experiencing housing insecurity.

## **HOW IT WORKS**

- ♥ Choose your sponsorship level based on group size.
- ♥ We provide tools, materials, t-shirts, and lunch.
- ♥ Your team builds dressers—no experience required.
- ♥ Every dresser is given away to a family.

## Why Dressers?

For families recovering from homelessness, a dresser offers something deeper than storage. A dresser helps transform a space from survival to stability—from temporary to truly home. But dressers are something we're always running low on. When you build a dresser, you're giving someone the chance to unpack, settle in, and feel proud of where they live.
